

# Clip-On PowerStrips

1. Clip the PowerStrip flat J-Hook onto the middle of the selected top wire.
2. 1/2 to 2/3 way down the wire grid, attach the second flat J-hook to the middle of the wire grid (even with the top J-hook) and remove the adhesive liner.
3. Press PowerStrip firmly onto the second flat J-hook until tightly secured.
4. Place peg hook with molded scan plate for UPC label in top holes and add remaining peg hooks to fit products or follow POG.
5. Add H.E.B. Reusable Freezer Bags to peg hooks as shown.
