## 5.75" x 36.5" BunkerBridge displays for Cooler Coffins / Frozen Bunkers Installation Sheet

1. Release the 2 set screws from the underbelly tube and mounting arms with the set screws, facing towards the open bunkers for easy access.

2. Place the bridge at the end of the bunker next to the end cap spine.

3. Adjust the mounting arms, so the bridge is flush with the bunker rail as pictured then adjust the back arm to be level against the back molding.

4. Make sure the foam rubber on the underside of the mounting brackets have a good connection with the surface area to prevent any slipping or movement of the bridge.

5. Add the product facing the direction for the customer to see. Then add the price promotion sign into the front sign channels.
